## CRUMB Tuesday Breakfast

By Larry Taylor

On Tuesday, August 16<sup>th</sup>, 25 Triumph and MG Club members met at The Corner Café in Independence for the monthly Club Retired Unemployed Members Breakfast, or CRUMB. It was a rainy morning, so there were only a few LBCs, but we enjoyed good food, good service, and good conversation.

The next CRUMB meeting will be at 9:00 AM on Tuesday, September 20<sup>th</sup> at Caleb's Breakfast & Lunch Restaurant at 515 E. Red Bridge Rd., Kansas City, MO 64131 <https://www.calebskc.com/>. Please RSVP early with the number attending so we can advise the restaurant how many to expect. Please do not 'Maybe' your RSVP as we need to have adequate seating set up. As a reminder, all members are invited to attend, even if they are not retired or unemployed.

Future meetings will be on the third Tuesday of each month at 9:00 AM at various locations around the city based on member recommendations. Please contact Larry Taylor with any suggestions, 913-620-

## NAMGAR

The Kansas City MG Car Club is a chapter of the North American MGA Register (NAMGAR). The Register was established in 1975, with the sole objective of promoting the restoration, preservation, and enjoyment of the MGA, Magnette, and their Variants. While NAMGAR started as a register of MGA's in North America, it soon became an organization to join, as evidenced from a membership roster of folks from all over the world! It immediately became the catalyst for very special social gatherings. NAMGAR is managed by unpaid volunteer Board and Staff members. They give their expertise and time freely in an effort to make NAMGAR the best MG club in the world.: Cost of membership in the NAMGAR is \$37.50 North America/\$52.50 International per year and unique dash plaque indicating your car's Register number, NAMGAR's award winning magazine, *MGA!*, six times a year and other benefits.

## NAMGBR

The Kansas City MG Car Club is a chapter of the North American MGB Register. The North American MGB Register was formed in 1990 to serve the needs of MG owners throughout the world. The Register's executive committee is elected by the Affiliated Chapters. Officers can only serve two consecutive terms which ensures that new people and fresh ideas are always available. Finances are open to inspection at any time and the Treasurer provides financial statements that show how the membership's money is spent. Officers and Registrars receive no financial remuneration for their duties, but volunteer out of the spirit of the marque.

The award-winning magazine *MGB Driver* is published six times a year.

Cost of membership in the NAMGBR is \$30.00 per year and includes a dash plaque with your membership number, the *MGB Driver* magazine, and other benefits.

## Midget Mumblings

By Steve Olson

A while back, I wrote complaining about how the engine vibrations were transmitted into the passenger compartment and wondered if better motor mounts might isolate more of them. In case you have been holding your breath till I answered that question, you can exhale now. I had to pull the engine out of the car and while doing so, a bit of mission creep set in. One of the things I decided to add to my workload was replacing the mounts. That job is fairly easy with the engine out and a real witch with a capital B when the engine is in place. I ordered new front and rear mounts from British Parts Northwest and waited for delivery. While I waited, I discovered the vertical brackets that connect the front mounts and the chassis had cracked in two from age and vibration. Using my ultra cheap welder, I managed to weld them back together. My welds ain't pretty, but nobody can see them and I shot some black paint over them anyway.

When the new mounts arrived, I compared them to the old ones. On the old ones, the rubber was so hard I could not press my thumbnail into it. The new ones were considerably softer. Based on this highly scientific test, I concluded the new ones would be much more compliant and absorb more of those nasty engine vibrations. The whole purpose of having rubber in the mounts is for them to flex a bit and soak up vibrations. Rubber that is brick hard will soak up about as much vibration as a brick will.

Once the engine was reinstalled, I drove the car and indeed, there is less harshness and vibration. Of course, I did replace the extra high compression engine that had an up-rated cam with my spare bone stock motor. Perhaps the extra smoothness I am feeling is not all due to the softer mounts. But I bet some of the improvement is.

Were my old mounts of inferior quality when I bought them a decade or two back? Maybe. The original design specs called for a specific rubber hardness, but the quality control of aftermarket parts often made in third world countries is suspect. Or did the rubber just harden with age and exposure to heat and oil? If you haven't checked your mounts lately, you might want to see if they have ripped or sagged and give the rubber the thumbnail test. These were never expected to last forever. And if you do buy new ones, check to see that they aren't brick hard before you go to the trouble of installing them.

## A Surprise Visitor

By Rick Mills

At our last Social at Pegah's on August 9<sup>th</sup>, a strange event happened. A man was standing at the door of the meeting room, so I said "Do you own an MG?" His response was "No, but I wanted to thank you." At this point, I turned and said, "I think I know where this is going", as his British accent was very prominent. He said his name was Mark and he went on to say, "I just wanted to thank you all for carrying on a British tradition." Of course, he was talking about seeing ALL our LBCs in the parking lot. There were several that night.

As it turned out, he was born in the hospital right next to the Abington Factory. As he put it, lots of towns people worked at the factory. He even said his grandfather used to drive royalty around Crawley. We asked him to join us at a future Social, but he was just visiting here in Kansas City from his home town in Austin, Texas. It was very kind of him to stop by and say hi.

## Local Used MGB Parts

Now that Victoria British has left KC, it's less convenient to get MGB parts. I have collected a lot of used parts over the years and am making them available for very reasonable prices. If a used part for your 68-80 MGB will do, give me a call or drop me an email. This is not my profession, just trying to keep them on the road. Maybe you can save on price, shipping, tax and time. I'm a club member and live in KC North.

## CLASSIC-FIEDS

**For Sale:** 1977 MGB. This vehicle is in good condition overall and completely operable. The exterior paint and trim are presentable. Recently installed a new fuel pump and carburetor. We have owned it since 2007. Always garaged. 42,100 original miles. Less than 1,000 miles on new tires. Asking \$15,000. If you have any other questions, call or text me, Moe Pelletier, 913-727-2304, [moe.pelletier.sr@gmail.com](mailto:moe.pelletier.sr@gmail.com). (06/22)

**For Sale or Trade for MGA Owners:** I have several new bronze and steel freeze plugs and I need side curtains for my 1961 MGA 1600. Please call Gary Plowman, 816-796-3199, or email: [plowphoto@aol.com](mailto:plowphoto@aol.com) for more information. (11/21)

**Need to buy or borrow:** Lester "Pops" Neidell has been racing cars for half a century. Les has registered for Lake Garnett this October and plans to bring his '33 Plymouth roadster to the track and the car show. Unfortunately, someone just stole his trailer and now Les needs a 16-20 ft. enclosed trailer to haul his car from Tulsa to Lake Garnett.

If you know of a trailer for sale (or borrow?) please contact me.

# CLASSIC-FIEDS

(cont. from page 11)

**For Sale: 1952 MG TD Kit Car.** This vehicle is in excellent condition. It is ready to roll and is very reliable. The vehicle has side curtains along with convertible top. The vehicle is a fiberglass replica MG TD. It is built on a Chevette frame with a Chevette engine and transmission. 10,700 actual miles. Manual transmission. Tan interior, yellow exterior. The car was built by British Coach Works in 1985 and has been garaged ever since. The build was contracted by Schweppes Ginger Ale for promotion. I was told it is one of 50 built for them. I have owned it for 4-1/2 years. I am selling this vehicle because I am running out of room due to my collection. I hate to see it go. If you have any questions, please feel free to contact me. David Randall, 816-679-5099; [grandmedical8206@gmail.com](mailto:grandmedical8206@gmail.com). Asking \$14,500. (08/22)

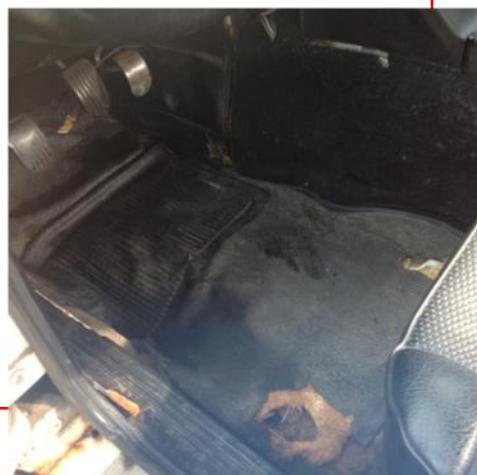

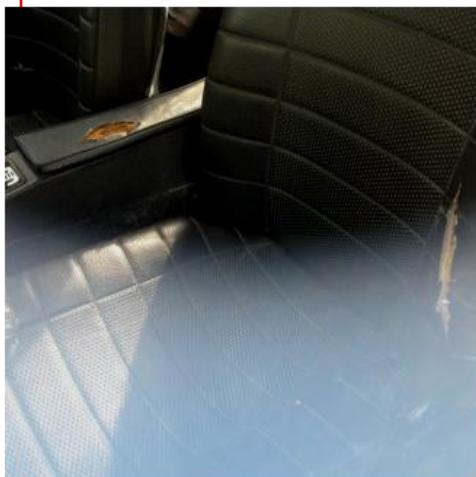

**For Sale: 1967 MGB.** A few years ago, I picked up a '67 MGB at an estate sale. The best I could determine is that it has sat since the early '90's undriven. I tried to start it, but never got oil pressure, so I stopped. The car is in fair condition: needs a windshield, top, steering wheel, new fluids, and left front fender repair. It does have five wire-wheels, a new battery and fuel pump. The car is titled and insured and currently located in Leavenworth KS. The car has an installed tow bar that works well. Contact Bill McClure, [whmcte@gmail.com](mailto:whmcte@gmail.com) or 602-568-3451. Asking \$675 OBO. (09/22)

## CLASSIC-FIEDS

(cont. from page 12)

**For Sale: 1976 MGB.** White with black top/interior, 124,252mi. Original owner; always garaged. Driven daily until 2013. Parked due to structural rust concerns in floors and rocker. Original paint; well maintained with receipts and manual. Weber DGV. Newer tires, top, and dash in very good condition. Not running. Need major rust work, seat covers, carpeting, misc. Great car for restoration project or parts car. KCMGCC member; downsizing forces sale. [Take it away for \\$500!](#) Contact Nancy Wilson, 913-909-0518 (C) or [wilsonrny@yahoo.com](mailto:wilsonrny@yahoo.com). (08/22)

## CLASSIC-FIEDS

(cont. from page 13)

**For Club Members to Borrow:** I have built this engine stand to run engines on and is available to any club member who will return it in as good a shape as it was when they borrowed it. Photo is with an MG engine on it. Call me at 816-835-8262. Tom Berry. (1/21)

The club provides the ad space and I'll donate 50% of the rental proceeds back to the club. \$20 rental fee per car (4-5 wheels). Gary Gumminger, [gummball1@gmail.com](mailto:gummball1@gmail.com).

We had them made in bulk to keep the price down and are passing the savings along to the members, so you can get one for just **\$30**.

Who doesn't love a cold drink? Well, the only way to make one better is to wrap it in this black coozie embellished with our great club's logo custom made to order for only **\$5**.

## Lapel Pins
