#### "It's Always Something"

Growing up with minibikes, scooters, motorcycles, and a first car – a 1929 Chevy Two-Door Coupe, my Mother once remarked: "I always knew where you were," as I was usually out in the garage fixing the latest issue that needed attention. With little money and even less knowledge, it was not a

surprise my entrance into the MG World was a \$100 1962 MG Midget driven home in winter, sans the bolt-on windows. My second coldest memory exceeded only by a teeth chattering ride on a Bridgestone motorcycle ride to college in an early winter rain.

"Fred" the Midget was definitely a teaching tool. Witnessed my first purchase of a Kmart Metric Wrench set (probably two years before I really figured that one out), muddled through SU Carbs, 101 tuning via suction pressure on the palm, and listening through a tube, roamed junk yards when LBCs were prevalent, and survived a worn-through brake line crash as there were no warning or backup technologies incorporated in 1962. With a crumped left fender, Fred became a poor man's first restoration project. Stripped of everything but the engine and steering, the dumb kid sat on a box to drive the back streets of Des Moines to "the man" for Canary Yellow painting. Reassembled with new brown upholstery and multi-color shag carpeting, the 948cc chick magnet was ready to prowl.

## ABOUT THE MG POST

The Kansas City MG Post is published monthly by the Kansas City MG Car Club. The KCMGCC is a member of the North American MGB Register and the American MGB Association, and is affiliated with the MG Owners Club, Cambridge, England. The MG Post is provided free to members. Opinions expressed herein are not necessarily those of the Club, the Club Officers, or the staff of the newsletter. Technical information is believed to be accurate; however, any repairs on mechanical advice is attempted at the reader's risk. The Club, Officers, or newsletter staff will not be responsible for any misinterpreted or incorrect technical information. If in doubt, consult a certified technician.

## NAMGAR

The Kansas City MG Car Club is a chapter of the North American MGA Register (NAMGAR). The Register was established in 1975, with the sole objective of promoting the restoration, preservation, and enjoyment of the MGA, Magnette, and their Variants. While NAMGAR started as a register of MGA's in North America, it soon became an organization to join, as evidenced from a membership roster of folks from all over the world! It immediately became the catalyst for very special social gatherings. NAMGAR is managed by unpaid volunteer Board and Staff members. They give their expertise and time freely in an effort to make NAMGAR the best MG club in the world.: Cost of membership in the NAMGAR is \$37.50 North America/\$52.50 International per year and unique dash plaque indicating your car's Register number, NAMGAR's award winning magazine, *MGA!*, six times a year and other benefits.

## NAMGBR

The Kansas City MG Car Club is a chapter of the North American MGB Register. The North American MGB Register was formed in 1990 to serve the needs of MG owners throughout the world. The Register's executive committee is elected by the Affiliated Chapters. Officers can only serve two consecutive terms which ensures that new people and fresh ideas are always available. Finances are open to inspection at any time and the Treasurer provides financial statements that show how the membership's money is spent. Officers and Registrars receive no financial remuneration for their duties, but volunteer out of the spirit of the marque. The award-winning magazine *MG Driver* is published six times a year. Cost of membership in the NAMGBR is \$30.00 per year and includes a dash plaque with your membership number, the *MG Driver* magazine, and other benefits. (see namgbr.org)

## PLEASE HOST A MEMBER GARAGE TOUR (MGT)

Anyone in the club can host an MGT. If you would like to show your garage or a car(s); need advice for a project or restoration; have a technical issue you would like to discuss; an improvement you would like to share; provide a forum for group discussion or just want to socialize, please sign up to host a MGT. All a host has to do is furnish the garage space and perhaps some coffee and doughnuts. MGTs generally are on a Saturday about 10:00 AM and may be followed by an optional lunch at a nearby restaurant afterward.

Please contact Larry Taylor at [ltaylor6680@gmail.com](mailto:ltaylor6680@gmail.com) to sign up.

Upon entrance into the Air Force to see the world, Fred acquired a tow bar to follow Bruce and "Burf" the '73 Mustang Convertible, on their 180-mile trip down the road to Omaha for his first assignment. A fortuitous stop as wife Laura was one of the passengers attracted to the trio. When accepted to Pilot Training, the train left Laura and journeyed to Lubbock, Alamogordo, and Phoenix where acceptance into the Local Heavy Equipment Operators Union (F-4 Phantom assignment to Okinawa Japan) signaled the departure of Fred from the train. I was smart enough to marry Laura in there somewhere to begin married life in Okinawa.

Without an MG, the next 20 years of something entailed the "keeping them running" of a variety of daily drivers, most notably solving a Phantom electrical issue that required staying overnight in Korea. Just happened to be the night of the Superbowl, so we were able to watch that at 2 am local time. Found a popped circuit breaker the next morning and was fixed in no time.... you be the judge of that! Similar, but not so underhanded, were two incidents of away from home, F-15 Eagle hydraulic leaks that required troubleshooting to get the proper maintenance folks dispatched for repair – love getting my hands dirty, pays to know your machine.

I retired from the Service to Blue Springs in 1994. On a trip to pick up a Russian URAL Sportman motorcycle, an impulse side of the road buy of a '79 Midget got me back to MGs. Finding my feet uncomfortably big for Midgets, I swapped to a B and began a 30-year, 10 car revival of an LBC affair.

Always wanted an MGA; that resulted in a project car pickup in upstate New York and joining of KCMGCC. It was always about figuring how things work, then fixing it, learning, or trying something new.

So the “Somethings” varied and included 2 Midgets, 1 MGA, 7 MGBs, a Magnette Farina, and 2 Triumphs. After two frame-off restorations, two unibody  $\frac{3}{4}$  restorations, and a few other fix-em-ups, it felt like I’d had enough.

Everything but a '66 TR4A migrated elsewhere, then I got bored. Getting a friend's '75 Jeep CJ5 back on the road after 22 years of sitting confirmed the Bug was back and I've just got to have something to tinker with. While the current “Something” is not an MG, a Datsun 240Z restoration is something new – at least I'll be able to use those 50-year-old Kmart wrenches.

The Crew (l - r): TR250, Magnette, MGB, MGA.

## Presidential Briefing

*By Larry Taylor*

Welcome to the “dog days of summer”. This phrase comes from ancient Roman and Greek astronomy. It’s linked to the heliacal rising of Sirius, the Dog Star, which is the brightest star in the constellation Canis Major (Latin for “Greater Dog”). The Romans believed that Sirius, rising in the sky just before the sun during this period, added to the sun’s heat, making these days even hotter. They called this time “dies caniculares”, or “days of the dog.” Today, it refers to the hottest and most oppressive period of the summer season, typically between early July and mid-August and is generally associated with sweltering heat, high humidity, and a sense of lethargy or sluggishness.

The dog days of summer will soon be fading into “Dies Autumni Curruum Britannicorum” or “British Car Days of Autumn”. I doubt that this phase came from the ancient Romans and Greeks since I just made it up. It refers to the period from late August to early November and is generally associated with an unusually large number British car shows and driving and social events.

The Heartland All British Car and Cycle Meet will open the season with a cookout on August 30<sup>th</sup>, followed by the show on August 31<sup>st</sup> at the Merriam Market Place. This event is regarded as a leading gathering for the Kansas City British car community. I hope you will support it with your registration. Register by August 3<sup>rd</sup> to order shirts and get discounted registration fees.

Both the St. Louis British Car Show and the Brits in the Ozarks Car Show follow on September 19<sup>th</sup> and 20<sup>th</sup>. Both are excellent shows. It is unfortunate that they were scheduled for the same time.

The Rib Run Rally follows on September 27<sup>th</sup>. This is a Time-Speed-Distance (TSD) rally that will start and end at the Fuel House in Bonner Springs with barbeque to follow. You don’t want to miss it.

Next is the Lake Garnett Grand Prix Revival in Garnett Kansas on October 10<sup>th</sup> – 12<sup>th</sup>. This multi-day celebration features a vintage race car exhibition, autocross, car show, rides for charity, a driving tour and cruise, plus track sessions for street cars and drivers of every experience level. On Sunday, October 12<sup>th</sup>, yours truly will host a free picnic for KCMGCC and Triumph Club members at the track. Admission and parking are free for spectators.

On October 18<sup>th</sup> (note new date), Linda and I will be hosting the KCMGCC Chili Cook Off at our home. Linda will have the house decorated for Halloween.

The FAT Run, which is one of the two signature KCMGCC driving events, follows on October 25<sup>th</sup> and 26<sup>th</sup>. See the Sound Off section of this newsletter for an update from Cecil and Mia.

Closing out the season is the Guy Fawkes Celebration on November 8<sup>th</sup> (note new date) hosted by KCMGCC and Geoff and Christi Rollert at their home near Centerview, MO. Guy Fawkes Day is a British holiday typically celebrated with lighting bonfires, burning effigies (“Guys”) of Guy Fawkes, fireworks and food. I originally joined the club just so I could attend Guy Fawkes.

Since the British Car Days of Autumn is prime driving season, expect to see other drives or events to pop-up from time to time.

## Kactus Creek Croquet

*By Larry Taylor*

On June 12<sup>th</sup>, 20 Kansas City MG Club members met at Kactus Creek Croquet Club in Parkville, MO, the area's only professional croquet court. After a dinner of hot dogs, chips, and shared dishes, nationally ranked croquet player, Matt Griffith, explained golf croquet rules. Members then played in pairs under his guidance, making for an enjoyable evening.

## An American Love Affair with British Engineering

*Abingdon Spares July Advertising Email*

### July 1962: When British MGs Conquered American Hearts

In July 1962, exactly 186 years after America declared independence from Britain, the final MGA rolled off the production line. In a delightful irony of history, this quintessentially British sports car had become America's automotive sweetheart — with the vast majority of the 101,476 MGAs produced being proudly exported to the United States.

While Americans celebrated their independence from Britain each July 4<sup>th</sup>, they simultaneously embraced these British roadsters that dominated American SCCA racing circuits, and even competed in NASCAR from 1960-1963. The MGA proved that sometimes the best partnerships come after independence — a special relationship forged not in politics, but in the shared passion for open-road freedom that defines the American spirit. Today, we continue that tradition at Abingdon Spares, proudly serving American MG enthusiasts from our home in Gorham, Maine.

KCMGCC members are encouraged to provide feedback on newsletter articles, club activities, and events, as well as to offer suggestions and share items of interest. Please submit your comments to [president@kcmgcc.com](mailto:president@kcmgcc.com). Your comments may be summarized or edited for brevity for inclusion in next month's Sound Off.

Cecil Wise & Mia Gans

### **FAT Run**

We're still working out the details, but FAT Run 2025 will be on October 25-26. We will start from the Love's on the Northeast corner of Kansas City. We plan to stop for lunch in Boonville and spend Saturday night in Rolla Missouri. The Saturday evening restaurant has 66 beers and 11 beer blends on tap, so you can find something to quench your thirst. Sunday we will stop for lunch in Stover Missouri before ending the run in Sedalia. We have some familiar stops such as Peter's Apple Market, but all of the restaurants will be different from previous runs. We hope to see you there.

Brian Stevenson

### **Membership**

While recruiting student members has benefits, our main target demographic is likely men and couples in their mid-40s to mid-50s who have established families, stable careers, and disposable income. They are more likely to seek new hobbies and social connections, support club activities, and eventually purchase our cars, ensuring the club's future.

Larry Taylor

### **Rib Run Rally Date Correction**

In the July Sound Off the incorrect date for the Rib Run Rally was given. The correct date is September 27th.

Monica Mills

### **Christmas Party Venue**

The VFW Post 8100 Hall at 3413 Main St, Grandview, MO 64030 has been booked as the venue for the Christmas Party on December 6th.

Tom Sim

### **Club MG Car Census**

I enjoyed reviewing the member's car census that was recently distributed. How about adding a column to the census to indicate the year the owner acquired the car?

*(Good idea Tom. I will be distributing an update in September after the non-renewing members are dropped from the roster. I would be happy to include the date acquired for anyone who would like to send me that information. LT)*

Michael Wilds

### **Pop-Up Drives**

Have you ever been daydreaming mid-week about taking your British sports car out over the coming weekend for a drive on a curvy scenic road and maybe stopping somewhere for breakfast or brunch or lunch? This happens to Diane and I quite frequently, especially when the weather is nice.

Announcing Pop-up Drives! KC Triumphs along with KCMGCC will start posting Evites for Pop-up Drives arranged by their members. The idea is to keep this informal and simple. If a member decides they want to go on a drive and invite others, they can provide a brief description of the drive (including where & when) to the Evite coordinators of their respective club. The member arranging the drive will decide whether to insist on RSVPs or simply take off at the appointed time with whomever shows up.

Coming soon -- Diane and I will be doing a Pop-Up Drive from Swope Park to Topsy Taco in Lake Lotawana. Watch for the Evite.

*(All members are invited to coordinate a Pop-Up drive. Please contact me at [president@kcmgcc.com](mailto:president@kcmgcc.com) LT.)*

## Merriam Farmer's Marketplace Car Show

A Merriam car show was attended by Rob and Susan Pittell and Dean and Kim Wheeler which was at the Merriam Farmers Marketplace and put on by the City of Merriam (KS). The next Merriam car show will be August 9<sup>th</sup> at the same location. There was the only British cars attending.

## KCMGCC Drive-In Night

On Saturday night, July 19<sup>th</sup>, on a very hot and humid evening, the Boulevard Drive-In was alive with MGs and Triumphs and even a Jaguar. 16 KCMGCC and Triumph club members showed up in the heat, along with four non-LBC daily drivers. Donna Whittaker and her daughter, Amy, showed up in Donna's yellow Mustang, along with their lady friend. Amy also brought her three dogs – Lucky, Zoey, and Chief. The temperature went down a little later with a little breeze to help. One of our favorite featured events of the year where we can meet new members who have recently joined.

The usual snacks were brought by members, including the famous Sacred Popcorn made and brought by Geoff and Christ Rollert. Also delicious chocolate cookies brought by Carol Olson and chocolate chip cookies brought by Kim Wheeler. Fruit, cheese and crackers, and watermelon were also brought. Topping it off was an adult beverage to enjoy with Monica's watermelon, which Amy Whittaker's dogs also loved the watermelon.

The two movies shown were Superman and F1: The Movie. A showing of a Superman and Krypto cartoon preceded the Superman movie; more for the much-younger attendees. All the years Geoff has done the Drive-in for our club, Monica and I have never stayed for the second show, but F1: The Movie, a Formula 1 racing movie with Brad Pitt, was definitely worth staying up late for. Several other members stayed as well.

Geoff's maiden voyage in his '70 MGB Roadster arrived at 6:00 pm. to the Drive-in to set up the entire row of tape to block off our usual section by the concession stand. Geoff has a great rapport with the owner, Brian, (who's grandfather, Wes Neal, the original owner, passed away last September). Brian gives our club special privileges with reserved parking that Geoff tapes off.

## Midget Mumbblings

*By Steve Olson*

All of us want our cars to look good. Our cars are an extension of our personalities, or so some wise person has said. I place looking good a notch or two below running good on my priority list, but it is still important to me. The first step is getting the car clean. Wherever you buy your car care products, there is likely a big selection of car wash soaps to choose from. To me, they are all about the same. I know that dish washing soap is not good since it removes the protective coating left from previous wax jobs. Car wash soaps all have some magic that adds a bit of shine to your car that will last till the next rain. Pick the brand of soap you like, or the one that is the best bargain, and give your car a scrub.

But for a better and more lasting shine, we all know some form of wax is needed. Back when I was a kid, that meant Simonize paste wax. First, you had to use a polishing compound that could remove the oxidized paint and accumulated road tar and tree sap. On my dad's black '57 Chevy that never saw a garage, that polishing job done by hand took me all day sun up to sun down. And next came the Simonize. It was a hard wax and you had to rub the rag hard on it just to get some out of the can. Then you had to rub it hard on the painted surface to leave a film. Once that dried for several minutes, you took a clean towel or old T-shirt and tried to wipe it off. If you started too soon the wax was still gummy and just smeared. If you waited a bit too long it was dried hard as a rock and the film refused to come off. Timing was critical. It was tough to wipe on and tougher to wipe off. Lots of elbow grease was needed. But assuming you had gotten the paint clean first and rubbed the wax hard enough, the paint would shine, shed water, and be protected for several months. My dad helped me by purchasing the products and supervising my work.

Today, there are dozens of products that wipe on easily and wipe away with just a touch of the cloth. And they fill the pores in the paint to make it shine and give it protection that lasts almost forever. Carnauba wax was replaced by silicone that was later replaced by Teflon that was later replaced by graphite and other unlikely chemical substances. The trick is to have a clean and smooth paint surface to begin with. Orbital power polishers with foam pads work better for us amateurs than old high speed lamb's wool circular polishers. It takes longer, but there is much less risk of burning all the paint off the ridges. And orbital motions don't sling the product all the way across the garage. Professional polishing compounds now cost way more than it seems like they should. They are basically just very finely ground clay and water, but some seem to work a little better than others. Orbital polishers are cheap and even the ones from Harbor Freight work great. Much easier than rubbing by hand, but still will give your arms and shoulders a good workout. If you spend the time and do a great polishing job, then the waxing step will be super easy.

Which "wax" product you choose comes down to personal preference. Any of the currently available bottles of magic liquid will outshine and outlast the old Simonize. Micro fiber towels are way better than an old T shirt and these days are so inexpensive that most folks just toss them rather than washing and reusing them. But if you do wash yours, be sure to do them as a separate load in the washer and do them when your wife is not around. I don't think they leave any residue in the washer, but I have been told otherwise.

## Registration

Welcome back again! We're extremely pleased you're interested in registering for the 2025 All British Car and Cycle Show to be held on September 20th 2025. Follow this link to the [registration page](#). You can still register on the day of the show at the show site. See below for day of show registration.

Trophies will be awarded for 1st, 2nd, and 3rd places in all classes. See the table of classes for 2025 on next page to determine which class best fits your vehicle.

### Chairman's Choice

This isn't really a class but the Chair of the St. Louis MG Club will pick a best car on the field from their perspective. This may be something unique or rare or a very fine example of a particular marque. You can check the “Prior Years” menu link for pictures of previous winners. For Chairman's Choice we have a special trophy.

### Best of Show – People’s Choice

This is a special award, as judged by all registered participants, as the “Best of Show”. How do you determine “Best of Show”? That’s entirely up to you but please do cast your vote for this special award. Usually something will pop out at you during the event that will make this a fairly easy choice.

### Registration

The All British Car & Cycle Show 2025 registration page is available at: <https://stlouismgclub.com/product/allbritishcarshow/>

### Location of the Event

If you need directions here’s an interactive map and you can use an address of **13750 Marine Ave, St Louis, MO 63146** for your GPS if you need to. The official address of the park doesn’t get you to where the show is off Marine Ave that passes through the park. Note this address is approximate because the Heldman Shelter doesn’t have an exact street address. Just look for the flags and volunteers in bright yellow safety vests to guide you off of Marine Ave and into the event.

### Parking & Trailer Parking

We do not have space on the show field for trailers to be parked (yellow marked area). If you are bringing a car on a trailer, please use one of the suggested parking options shown on the map below (see red marked areas). You can park and unload, and then drive the car to the show field entrance. For spectator parking we also suggest using these parking areas.

## Local Used MGB Parts

Now that Victoria British has left KC, it's less convenient to get MGB parts. I have collected a lot of used parts over the years and am making them available for very reasonable prices. If a used part for your 68-80 MGB will do, give me a call or drop me an email. This is not my profession, just trying to keep them on the road. Maybe you can save on price, shipping, tax and time. I'm a club member and live in KC North.
